

## *About the Book*

*The journey to fulfilment of purpose is not a day's journey, it takes a lifetime and if you have not started the journey, you have not started living your ordained life. There are different challenges people face from the discovery of purpose to getting started and actually fulfilling their purpose. This book walks us through the journey to fulfilment of purpose.*

---

## *About the Author*

**Emmanuel Oduola** has a Master's degree in Computer Science and has also been into various leadership positions in the church and other voluntary organisations. He is a teacher, speaker and writer that is passionate about grooming and seeing people grow in every area and fulfil their God ordained purposes. He believes everyone was created for a purpose which when fulfilled is his definition of success.

# THE REALITY OF **FULFILLING PURPOSE**
